## WORKSHOP ON IDEA GENERATION & IDEA DESIGNING

**10th November 2022**

**08:00am to 04:30pm**

**Venue**

**Conference Hall, JMCON**

# Welcome to JMCON

Health is a state of well-being that enables a person to lead a physically, psychologically, socially and economically productive life. Health is a right of all the people. Individuals, families and communities have responsibility towards maintaining their health.

Nursing contributes to the health service in a vital and significant way in the health care delivery system. It recognizes national health goals and is committed to participate in the implementation of National Health Policies and Programmes. It aims at identifying health needs of the people, planning and providing quality care in collaboration with other health professionals and community groups.

## OBJECTIVES

- At the end of the workshop delegates will be able to
- Know the various process of improvement in relation to nursing education quality as individual learners, institution and the programme offered.
- Improve in practicing the culture of quality improvement and value collaboration transparency, student and staff empowerment.
- Clarify the doubts on quality enhancement in nursing education in all dimensions.
- Understand and adopt practices to sustain quality in healthcare and nursing education.
- To describe and apply the idea generation and designing for better patient outcomes through quality nursing educational opportunities.
