Academic & administrative performance

1. Academic freedom in discharging professional duties

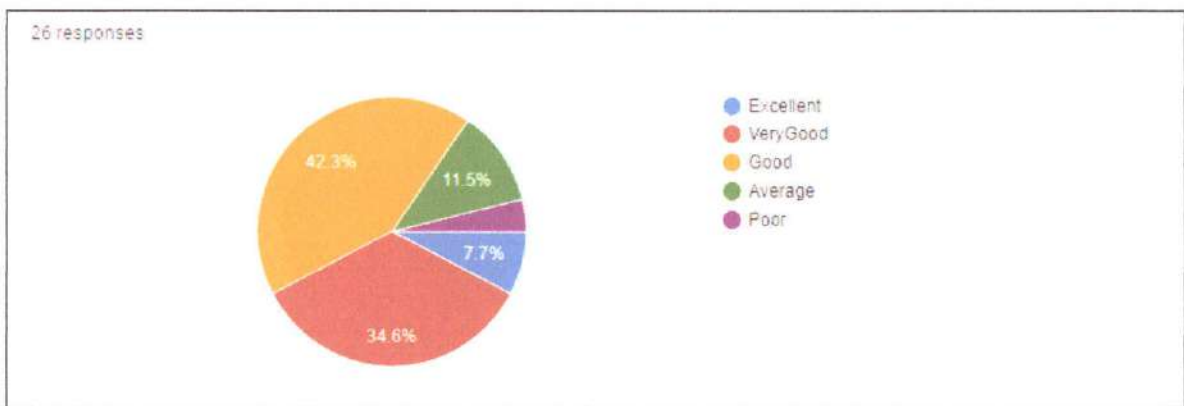

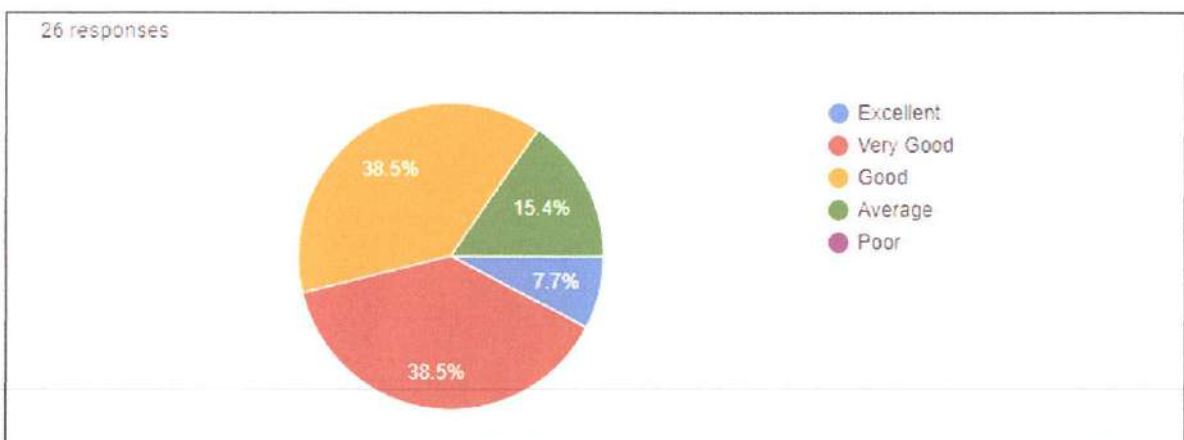

2. Teachers role in continuing curriculum development

3. Adopts effective method for dealing with clerical matters related to teaching learning process (for teachers).

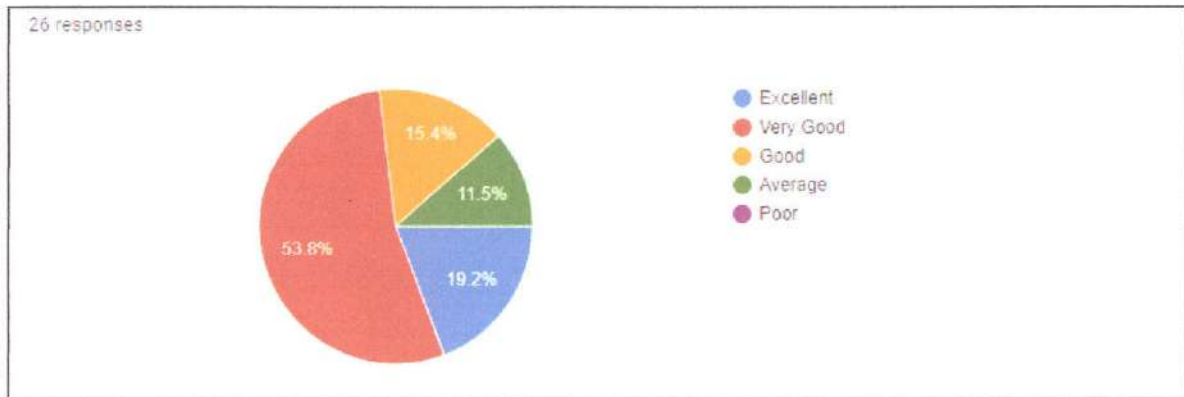

4. ICT facilities available for academic & administrative functions

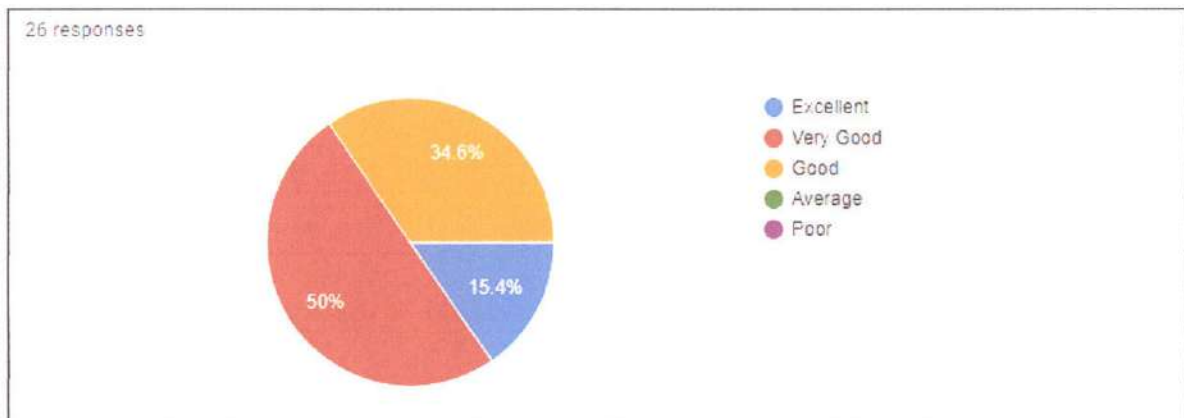

Societal commitment

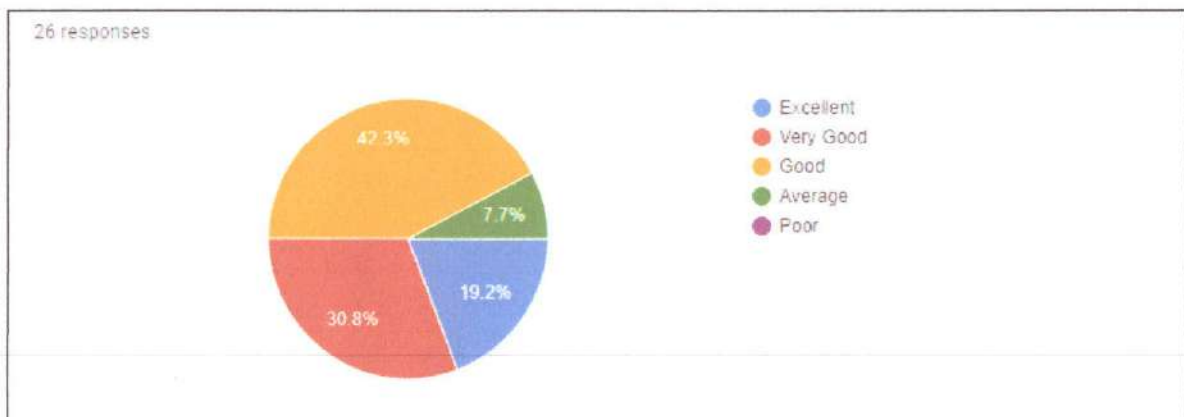

5. Institutional efforts for students to establish class values

6. Students sensitized with social issues & opportunity to learn from community services

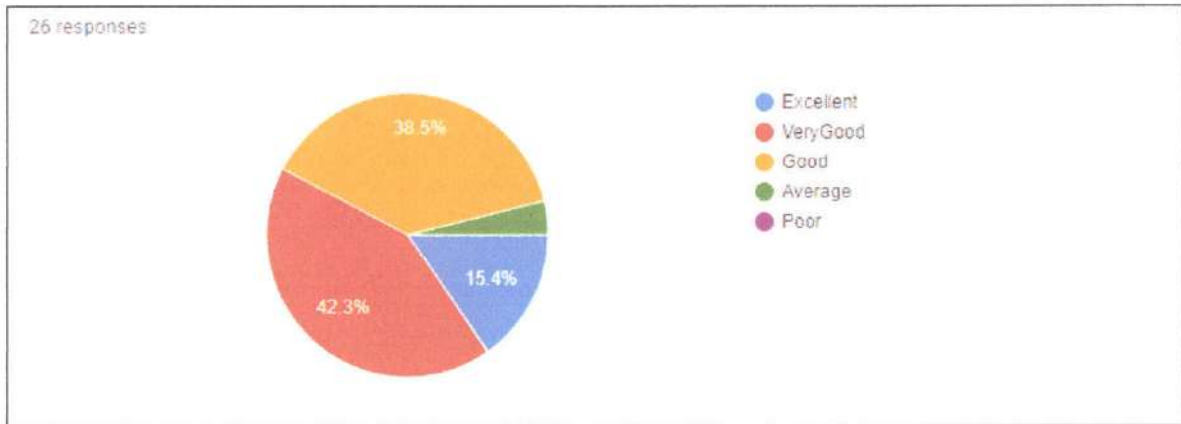

7. Energy conservation practices

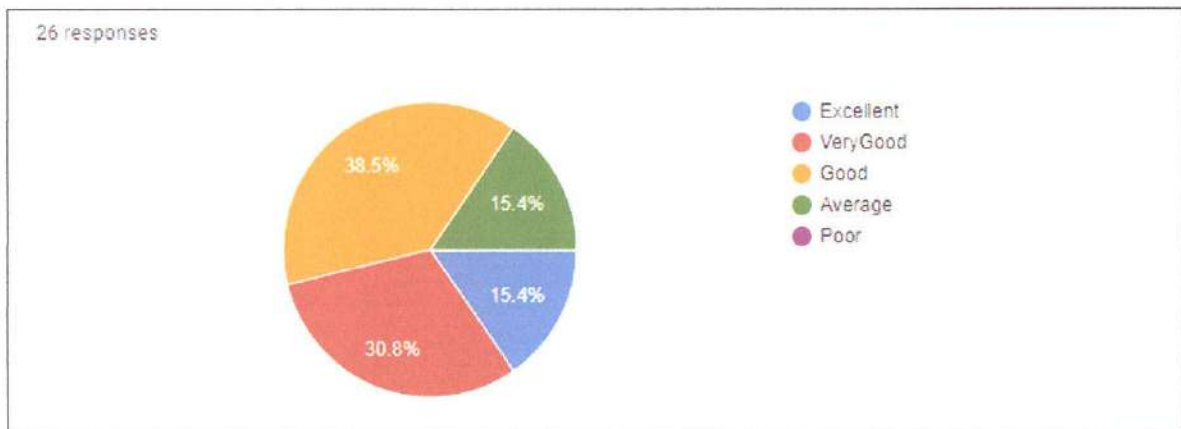

Intellectual stimulation & learning experience

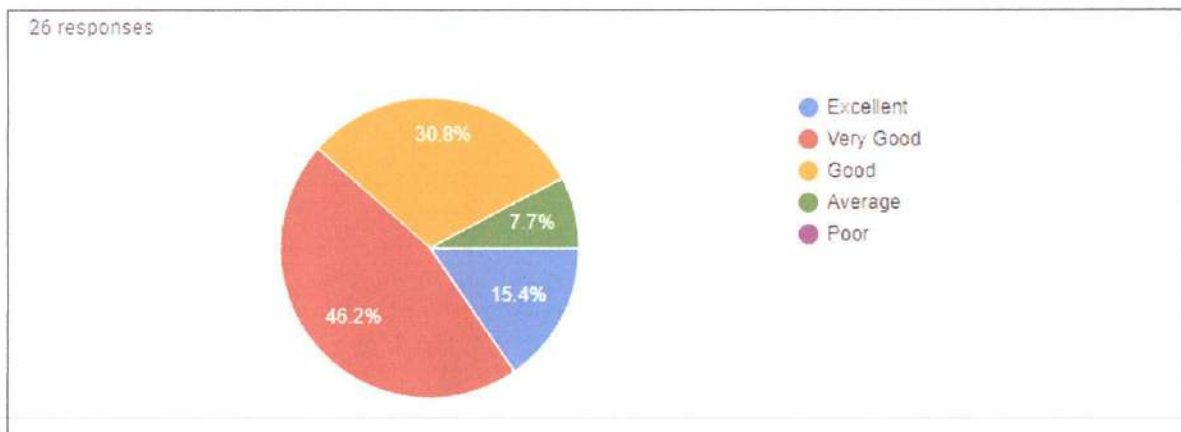

8. Strategies that promote critical, creative and evaluative thinking

9. Manages student misconduct promptly and resolves conflict and crises effectively.

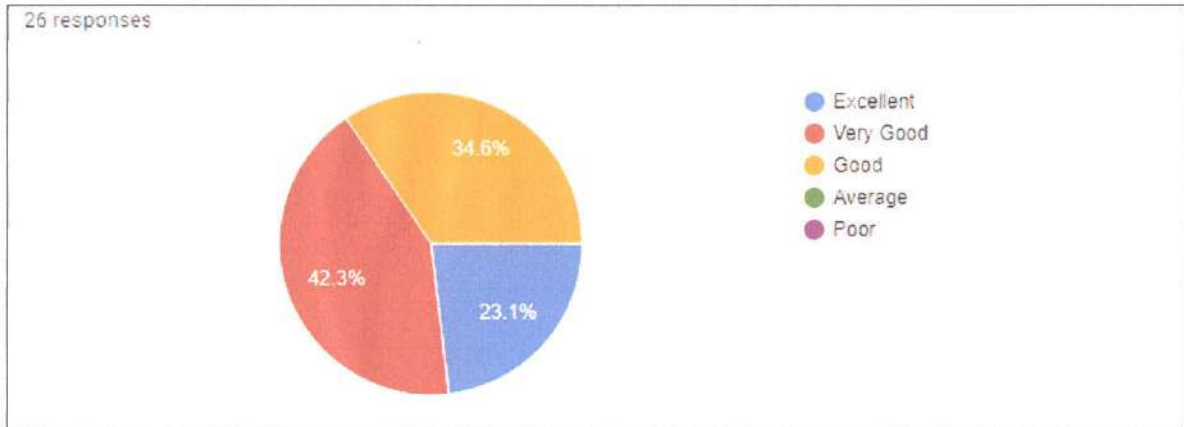

10. Impartial treatment of students.

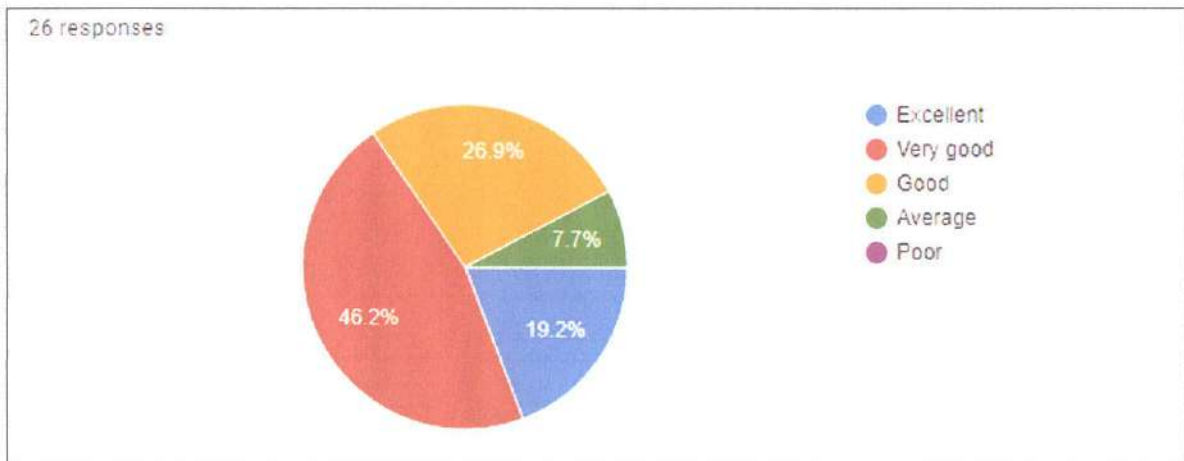

11. Clinical skill development & competency level of students.

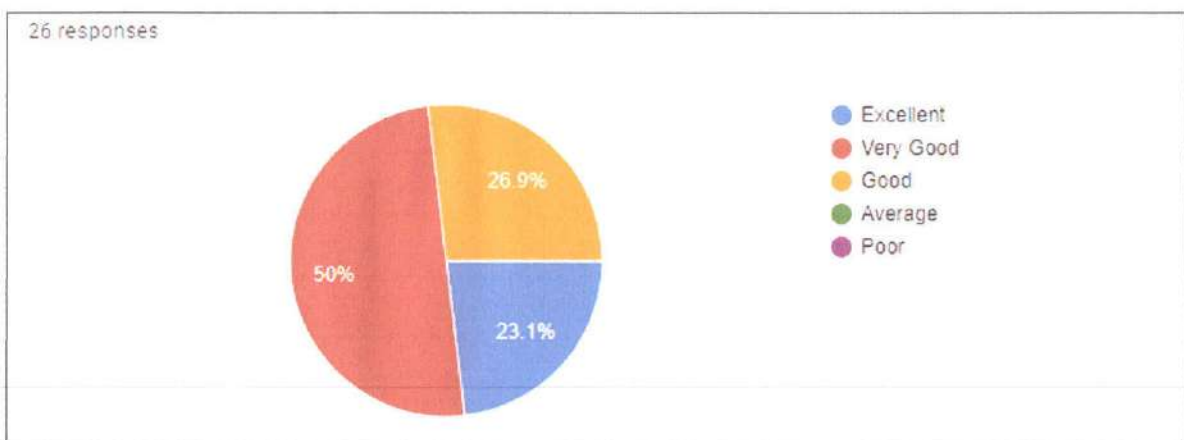

12. Promptness in review & discussing academic assignments of students

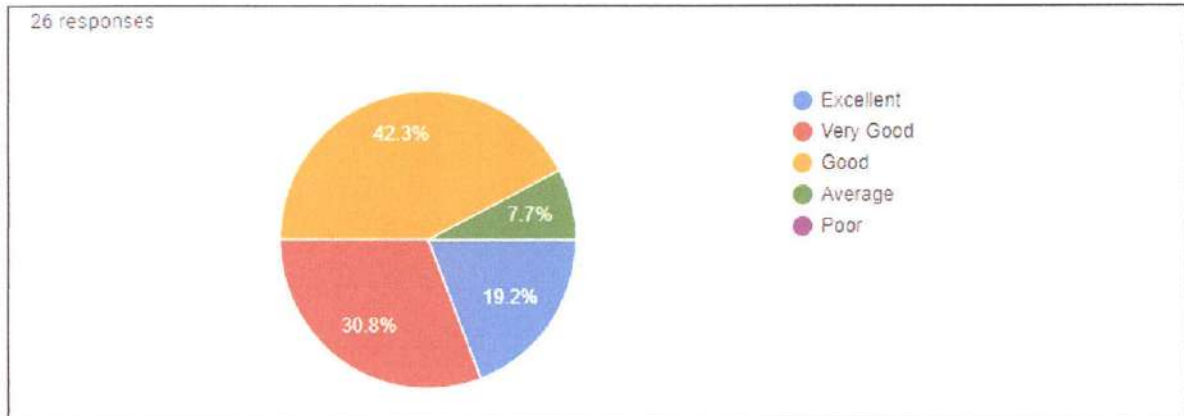

Student performance

13. Demonstrates positive classroom results and trends

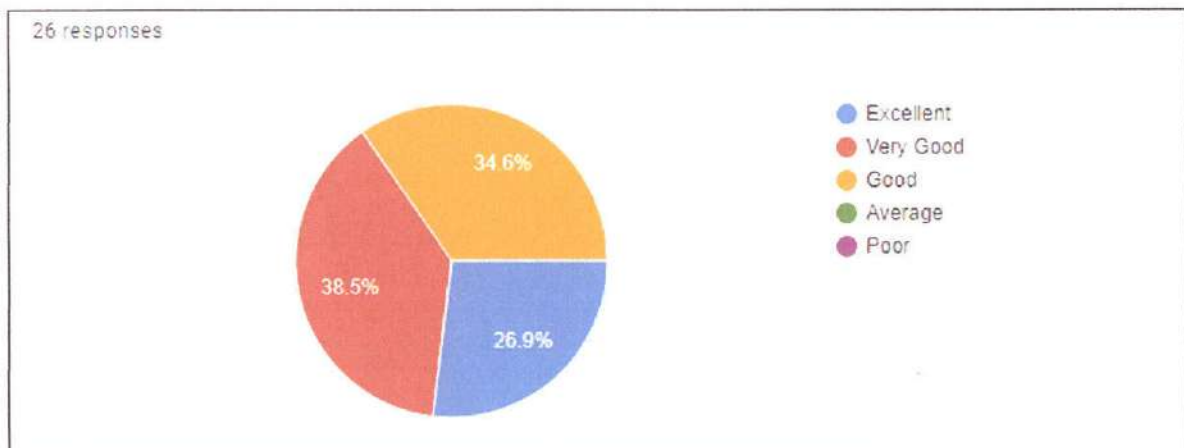

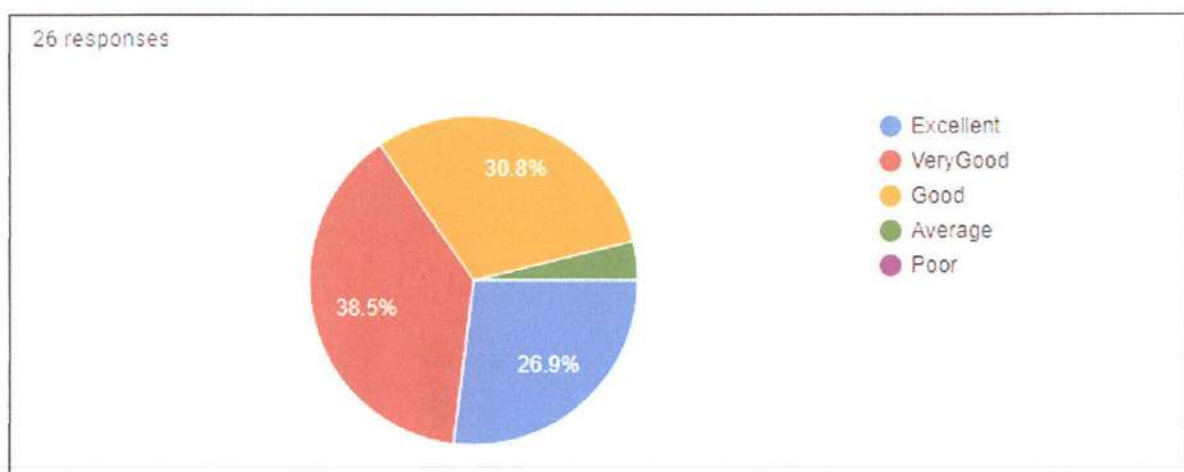

14. Adequacy of Counselling services

15. Scholarships for deserved students

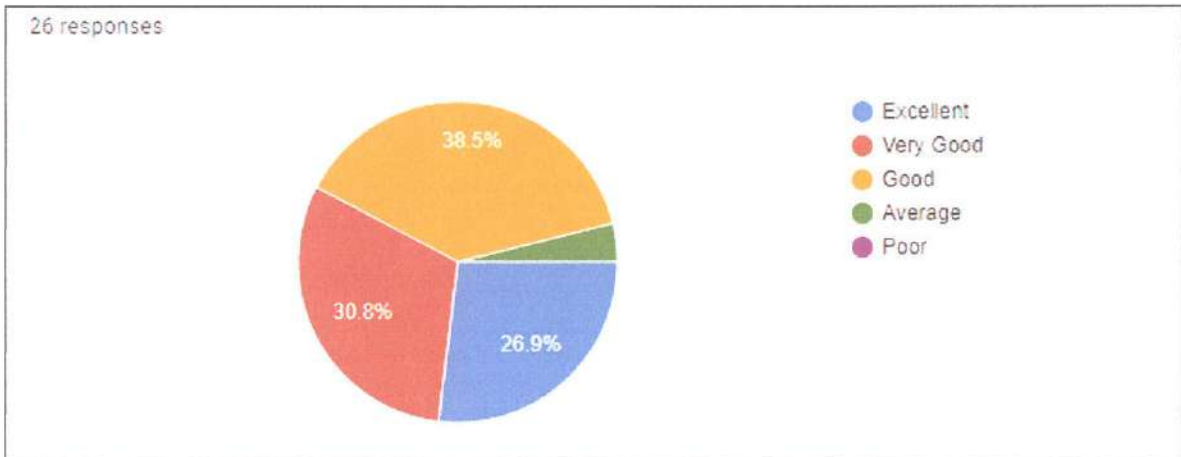

16. Students are competent to achieve higher education & gain employment.

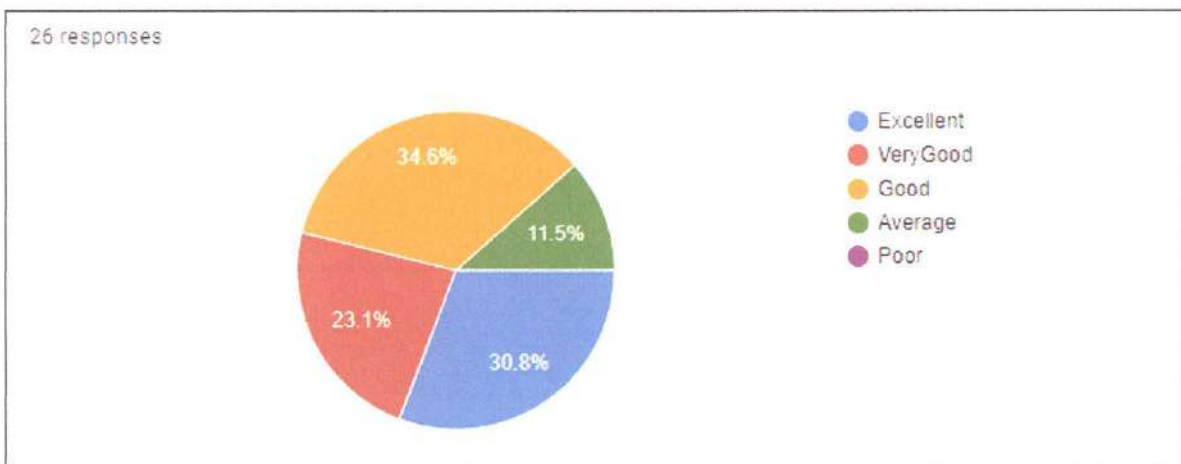

Research culture & Updation of teacher profile

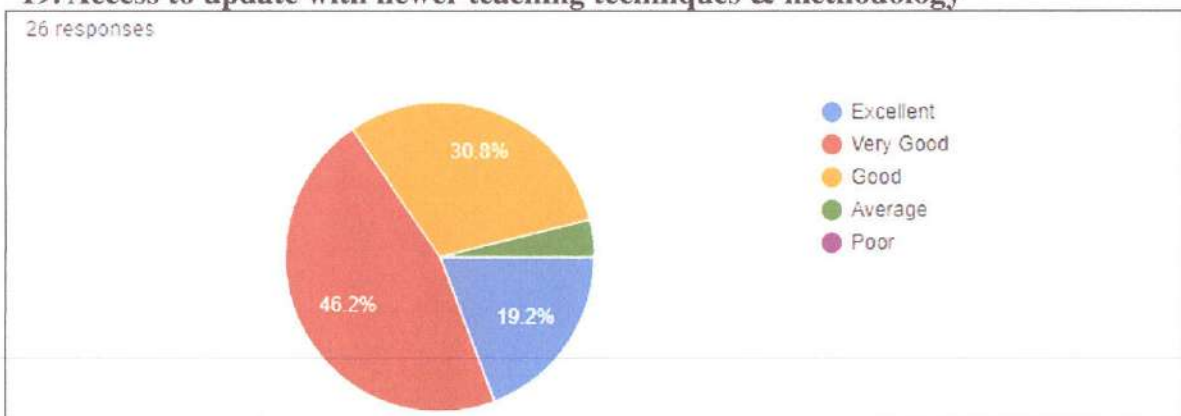

17. Research culture in the institution to take up community oriented projects

18. Infrastructure & resources for research in the campus

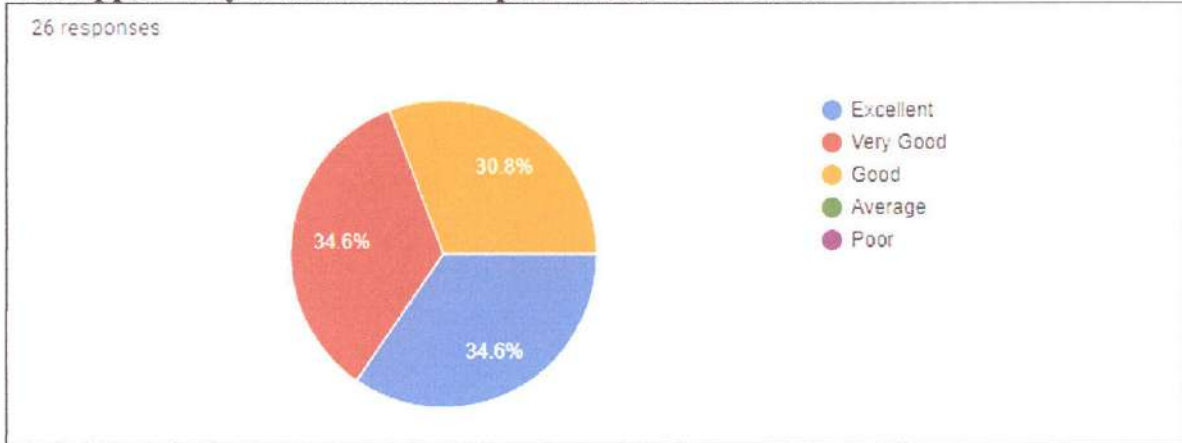

19. Access to update with newer teaching techniques & methodology

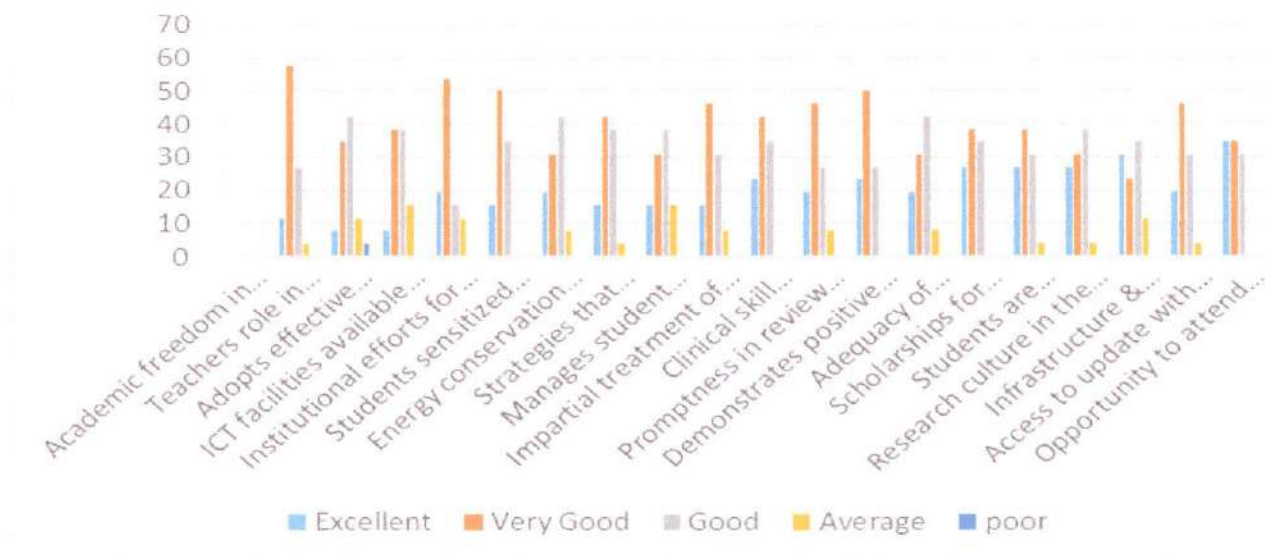

20. Opportunity to attend workshops/seminars/conferences

CONCLUSION

Overall percentage of faculty feedback 2023-24

The analysis of feedback shows that more than 30 % teachers have excellent opinion about the infrastructure and resources for research. More than 50 % have very good opinion about academic freedom, student sensitization with social issues, Teacher’s role in continuing curriculum development, Institutional efforts for students to establish class values. More than 40% have very good opinion about Adopts effective method for
